EDUCATION

2015 B.S. Real Estate & Business Administration, University of San Diego, graduated with Magna Cum Laude honors.

PROFESSIONAL EXPERIENCE

2015-Present:

Since graduating I have worked with the B.D. Holdings researching retail investments across the country and predominantly in California. In my first full year, 2016, I completed over 20 transactions, with over \$4 million in gross sales, and yielded close to 20% annual returns for our investors. I have acquired an advanced understanding of retail investment properties in California, specifically in San Diego County. I am a San Diego native and enjoy surfing, golfing and sailing around our local beaches and courses.
